E.T.S.V. Scintilla is located in the "Zilverling" building (building 11) of the University of Twente). You can reach the University of Twente through the route available at: <http://www.universiteitwente.nl/contact/routeeng>.

After your arrival at the campus, turn right at the Hallenweg. As the road veers left and turns into De Zul, just stay on the road by turning left. Then, after a few meters, turn first left to the Dienstweg and go straight ahead to the parking. Walk back on the same road, walk between the buildings "Ravelijn" (left) and "Citadel" (right). Cross the bridge and turn left, the "Zilverling" building is right in front of you. Another option is to continue on De Zul and following P2 (by turning right at the end of de Zul). The first right again will result in a large parking lot. Walk by following the Cubicus over the water, and turn left in front of the Ravelijn.

E.T.S.V. Scintilla is located on the first floor of the Educafe in room E-204. You will reach the Educafe by going to the left (in front of the porter's lodge) after entering the "Zilverling" building.
